Gary Peterman with the Fairfield Quarterly passed around a new product that his company is trying. It is a colander of the city and events happening throughout the year in the community. He will start working on next years in June if anyone is interested.

Ron Thomas, Ron Ruff, and Todd Childers spoke briefly on a program that they highly recommend. The program shows you how to pay off your home loan or mortgage in half the time. The website for more details for this is [ww.U1stfinancial.com](http://www.U1stfinancial.com). If anyone is interested, give one of them a call.
