Doug passed around the Community Concert flyer and spoke about upcoming concerts.

Our speaker was Linda Kaufman the Fairfield Economic Development assistant. She is currently working as one person and does not have a boss. The development office works to bring new business into Fairfield County, works on the revolving loan fund, manages data coming into the office. There is a wage and benefit on-line survey running through Friday, October 23<sup>rd</sup> that our businesses can participate in. Perspective businesses look at this information when deciding where to open new businesses. Thank you, Linda.

The meeting was adjourned.
