The NIE Eagle Gazette Craft Show is Saturday, October 31st from 8 – 3 at the Fairgrounds.

John Mott brought up the fact that, as Linda Kaufman stated at our meeting last week, the County Commissioners have a hold on replacing Bill Arnett at the Fairfield Economic Development Department. He has drafted a letter coming from PRGL stressing the importance of having a director. He did not bring the letter but will e-mail it to all members. Then he will bring in the formal copy next week for our signatures.

Our speaker this week is Mark Bohach of WLOH Radio. Mark said he often get calls from other radio stations he is doing. WLOH is about even with last year in advertising but Mark said it isn't just about sales. It's more about how you can serve the community, which WLOH is excellent at doing. The community food drive is starting and the goal is 15,000 lbs. However, Mark's goal is 15,000 tons, and he is donating the first 1000 lbs. See Mark about how we as business owners can participate. The deadline is November 7th. Thank you, Mark.

The meeting was adjourned.
