Dale is from Centerburg, OH, went to OSU, and started in food service. He left food service in 1991 and joined with his father-in-law in the painting business. Dale started his own painting company in 1997. He named it Integrity because he says what he is going to do and does what he says. Integrity is an employee based company. Dale started another company this past spring called Sub-Com Painting the uses sub-contractors. Thank you, Dale.
