Christmas party 6:00 p.m.

Greenfield Township building catered by DAMON'S

Don't forget your White Elephant gift!

Weekly Referrals: 4

Closed: 4

2007 Referrals: XX

Treasures Report: \$1309.93

6 members need to pay for last quarter

Brianna asked the group what they thought about the way we track referrals. Members agreed that they like the way that we track them and voted not to change anything.

Don't forget to bring your white elephant gift to the Christmas party on the 6<sup>th</sup>!! For those of you that are not sure of what a white elephant may be, it is something around your house that you don't need or use anymore, or maybe a gift that you received and always wanted to re-gift it!

Members need to check their email addresses on the website to make sure that they are correct.

### **Speaker: Mark Bohach~ WLOH**

Mark graduated from airfield Union in 1980. Going onto right on to college Mark graduated again in 1982 from Hocking College, Where Mark studied to become an Engineer. Mark talked the group that his voice was God given! He knew that would be a great job for him. Mark was the New Lex Assistant Chief Engineer, and recorded the 5 o'clock news. Mark continued his education at OU studying transmitters, TV, news and much more. The station went out in 1992 and Mark rode it till the end. Then he started to work at K95.5. They needed a director to rebuild the station. So Mark rebuilt it. One night the guy from on the air said that he was leaving because he was having a Heart attack. So that left mark to go on the air when time. Mark did a great job, and that is what helped get him on the air.
